

# Braille eMotion

Go with that feeling!

**HIMS**  
Lifestyle Innovation

Braille eMotion is a multimedia **40-cell braille display** with new dimensions in braille connectivity and innovation. Don't miss out on the next evolution in Braille technology. Experience the power of Braille eMotion from HIMS.

## Crisp, Clear Braille Cells

Experience a smooth and responsive reading experience on eMotion's premium 40 cell braille display.

## Versatility

Seamlessly connect to multiple devices simultaneously, via 1 USB and 5 Bluetooth connections for enhanced accessibility and efficiency.

## Screen Reader Support

Connect your favorite screen readers on multiple platforms and devices.

## Intuitive Navigation

Effortlessly navigate through documents, websites, and applications with our user-friendly interface and ergonomic design.

## Quality Text-to-Speech (TTS)

Choose from a wide selection of voices and languages.

## Standalone Notepad and Applications

Boost productivity with HIMS own internal stand-alone applications, including Notepad, DAISY and Document Reader, Media Player, Calculator, Alarm, Stopwatch, Countdown Timer, and Voice Recorder.

## Wi-Fi Connectivity

Upgrading Braille eMotion is a snap with the built-in Wi-Fi, as well as offering additional power and versatility for future enhancements. Wi-Fi can also be used to download text-to-speech voices in various languages.

## Compact and Portable

Designed for on-the-go accessibility, our Braille eMotion is lightweight and compact, making it the perfect electronic Braille companion.

## Long-Lasting Battery

Enjoy up to 20 hours of battery life per charge.
